

It's our pleasure to present the wines from our winery, Zlaten Rozhen.

We grow our grapes in our own vineyards, using typical local varieties carefully selected to match the terroir. For over 15 years, our team has worked to make sure every sip of our wines brings real enjoyment and pleasure.

The grape growing and winemaking are supported by Italian consultant Federico Ricci, who helps us bring out the best flavors and aromas from the unique terroir of the Melnik region, and to give each wine its distinctive character.

Cheers! The Osikovski Family
